ATLAS | INDUSTRIAL SWEEPER

Large capacities for productive performance designed in a maneuverable compact package. All steel construction, built to last in the most rugged environment. Straight hydraulic controls provide reliable operation.

360	degree access	
or end	gine maintenance	

POWER SYSTEM

Sound Level

Main Brush Change	No-Tool
SIDE BROOM	
Single Side Broom	26" (No-Tool)

DEDNIS HUFFEN (STEEL)		
Volume Capacity	16 ft3	
Weight Capacity	1,200	
Dump Height (variable to clear)	60"	

DERRIC HODDER (STEEL)

TITLED DUST CONTROL SYSTEM		
Stage 1	Vacuumized Main Broom Chamber	
Stage 2	Perma Filter	
Stage 3	95 ft2 Synthetic Panel Filter	
Stage 4	Aggressive, Filter Contact Vibration	

Engine GAS, LPG	55 HP 1.5 L, Kubota
Engine Diesel	37.5 HP Kubota
Propel Speed Forward	9.8 mph
Propel Speed Reverse	3.0 mph
DIMENSIONS	
Tires : (2) Front	23.2" Pneumatic
(1) Rear	18.5" Pneumatic
Ground Clearance	4"
Length	99.75"
Width	63.38"
Height	55.88"
Weight (net)	3,460 lbs
Minimum Aisle Turn	113"
